International Day Against Drug Abuse

June 26th was International Day Against Drug Abuse and Illicit Trafficking. The General Assembly established this day in 1987 to express its determination to strengthen action and cooperation to achieve the goal of an international society free of drug abuse.

Supported each year by individuals, communities and various

organizations all over the world, this global observance aims to raise awareness of the major problem that illicit drugs represent to society. The theme for 2018 is "Listen First-Listening to children and youth is the first step to help them grow healthy and safe." Check out the #ListenFirst Public Service Announcement 2018:

Summer Fundamentals

Ah, summer vacation is finally here! A well-deserved break for kids and educators, and an often-busy time for parents. Summer break is different for all families, and could mean camp, sports, added family time, or extra free time to spend with friends. In order to help parents stay connected with their kids, and to reduce the chance of risky behaviors, we offer five tips to help

everyone enjoy a healthy summer. Check it out.

5 STEPS FOR A HEALTHY SUMMER

1. Make routines and stick to them.
2. Register for clubs or camps.
3. Take a break.
4. Know where they are and who they are with.
5. Have conversations.
